Warning Lights is a 501c3 Nonprofit Organization
and only funded by donors, like YOU!

I want to share the reality of this crime with every student across this nation. It's in talking about it that we see prevention and safety become a reality. Awareness also builds value by protecting our bodies and guarding our hearts. I look forward to working with you. Let's take your circle of influence and change it into a circle of protection! Be Aware OR Beware!

Human Trafficking Awareness/Training

PROGRAM OVERVIEW

Purpose: The statistics are absolutely alarming! According to the U.S. Department of State, over 800,00 to 1 million people are lured into human trafficking every year. The number of victims forced into the human trafficking industry is growing rapidly. As one of the fastest growing organized crimes today, this issue needs to be brought out of the dark and into the light. The issue is here in our own country and cities! Prevention is the key.

Warning Lights gives insight on the lures, signs and ways to respond to human trafficking. This program will give your audience a stronger sense of how to protect themselves and others. The awareness gained by your audience can literally save a life.

This program details lures of this extremely abusive crime. It also reveals the signs ("Warning Lights") that are associated with an individual being victimized by trafficking. This program also gives understanding and direction on ways to help others avoid becoming victims by explaining how your actions, words and choices affect others.
